ARLINGTON, VA - The United for America PAC ("UFA") is proud to announce the launch of its first one-minute television advertisement in support of Robert F. Kennedy, Jr. ("RFK, Jr.") for President of the United States in 2024.

RFK Jr., known as "Bobby" to his close friends, is the nephew of America's 35th President, John F. Kennedy, and son of former US Attorney General Robert F. Kennedy. Bobby is a self-described 'traditional Kennedy liberal' looking to carry on his strong family legacy of civil rights pioneering. He is the leading Democratic challenger to incumbent President Biden.

Longtime friend of Bobby's and UFA Chairman, Zeke Hindle, Esq. believes, "The PAC's TV ad provides an incredible opportunity for Americans to hear Bobby's positions. Bobby will be a champion to the middle class, make government accountable by telling the truth, and unify our fractured nation divided by polarization."

Hindle, a Los Angeles-based business and entertainment lawyer, continues, "According to recent polls, Bobby is the most favorable candidate in contention, and this TV spot will bring awareness to that fact. With every big tech and media platform censoring him, over half of the country doesn't even know he's running. When the American public sees this ad, they will join us to support Bobby toward victory."

The ad is scheduled to reach over 10 million voters in select early primary states, crucial to propelling Bobby's candidacy over the finish line and beyond. United for America is a federally registered Hybrid Political Action Committee (PAC) that may receive unlimited contributions from corporations or individuals in support of RFK Jr. and/or opposing Joe Biden.
